

Aberlady Heads Up

May 2022

Aberlady Youth Network

A massive thank you to all Aberlady 10-18 year olds who filled in our Youth Network survey in December 2021.

In January 2022 we submitted a funding request to the North Berwick Area Partnership via the Children and Youth Network and it was successful!

We're super excited about these activities and hope you are too. Remember you made it happen!!

We'll start with surf skateboarding (each Friday for five weeks in late April/May), parkour (one-off event) in May, and continue with art classes in the autumn.

Further information and booking info on: <https://awesomeaberlady.com/youth-activities/>

Stroll & Sit - New Benches Project update:

We're delighted that it looks like we'll have a May installation date for our 4 new benches. We hope this will be confirmed by end April. We'll continue to assess the viability of the other bench 'gap' sites within the project. Contact is Sue Jardine, 07749843974.

Defibrillators - A Community Resource:

Thank you to everyone who recently volunteered to be in the support team who, once training is completed in May, will maintain our 2 village defibrillators going forward. These community resources are now managed under Aberlady Community Association (ACA). The ACA could not undertake what is needed without these volunteers, so it's greatly appreciated. Contact is Sue Jardine, 07749843974.

Aberlady in Bloom

Since the last newsletter we have had a formal ceremony attended by pupils from the Primary School and the Lord Lieutenant of East Lothian to plant the Queen's Green Canopy oak tree and the apple trees along School Road on the football field.
